**NEWS FROM TE MANAWA  
TE PUKE CENTRE**

**FIVE OF THE TEAM**

Dear Resident of Te Puke and Surrounds

If you have posted a letter or parcel recently or updated your vehicle registration, you may have noticed that the NZ Post Centre Plus has refreshed its counters with a light and bright look. Gone are the heavy bars, replaced with a light accessible look and modern counters. You will see the familiar faces of Sheryl and Sharon on the counters, Pauline out the back looking after the Post Office boxes and cards to collect and our new staff member Janet. It is business as usual. The dawn blessing on 7 October 2019 marked the start of the new operation.

**HON. TODD MCCLAY WITH THE TEAM**

The Te Puke Centre Charitable Trust is the sole shareholder of the subsidiary company, The Te Puke Centre Limited, which is now operating **the NZ Postal and Payment Services** out of the 81 Jellicoe Street location and alongside this operation is **Te Manawa, The Te Puke Centre**. You may also have noticed **the Vision boards** on the right as you go in which gives you an insight into the scope of the Centre in the future. A lot of the building is undeveloped so we have plenty of work to do to achieve the future vision.

However, we are sure you will agree that there is a buzz in the place and the beginning of community activity which will only increase. Recently Community Police volunteers, who patrol the CBD streets during the day, have started operating from the Centre so you will see them coming and going. **The temporary boardroom (off the main atrium) and meeting room** are currently being used by the community and business groups for their meetings. These can be booked by emailing [info@tepukecentre.org.nz](mailto:info@tepukecentre.org.nz). **A big thank you to Visionlab** who have worked hard to get our digital platform up and running in double quick time.

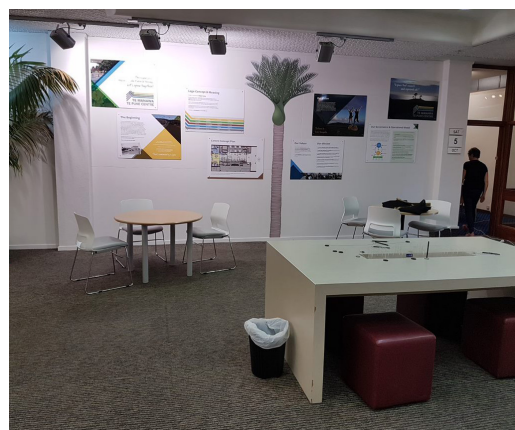

**We love our talented locals.**

## VISION BOARDS

The Nikau Palm you see here in these Vision Boards is our **Funding Palm** and a way of measuring our progress.

**For every community donation we receive we are able to leverage off it to obtain further funding from philanthropic Trusts for our development and this community support is a necessary part of the funding drive. We are truly grateful for all your support to date and in the future and the Te Puke community will be the beneficiary of this in a myriad of ways.**

## CALL TO ACTION

What is next for the Te Puke Centre? We are working very hard in the background to obtain the necessary finance for staff and refurbishment at the centre which are critical for the sustainable operation of Te Manawa.

**Our goal is to be fiscally sustainable in three years but in the start up phase there is a lot to do and support for the project is important.**

### Goals -

**Refurbishment:** Transforming the interior of the building to a modern co-working space with boardroom, meeting rooms and upgraded kitchen area **\$100,000**, - our required community contribution to support funding applications.

**Centre activation:** Obtaining funding for staffing in the interim period and beyond - working towards obtaining essential equipment and services that are required **\$100,000** - our required community contribution to support funding applications.
